

## **Agriculture and Food Industry Insights**

By Christoph Spank

Agricultural and food production accounts for a significant role in the national economies of Russia, Ukraine, Belarus and Kazakhstan.

Despite the economic and social problems, agricultural and food production in the above-mentioned countries faces a period of fast-paced development and has been one of the drivers of industrial production in the last years.

With this **Industry Insight** SCHNEIDER GROUP would like to provide you with an update on the recent developments, changes, opportunities, key statistics and other relevant information of agricultural and food sectors in Russia, Ukraine, Belarus and Kazakhstan.

Click on the report to view it and [let us know if you want to receive its extended version](#).
