### PAYE System Changes

Good Morning,

You may be aware that Revenue are making significant changes to the PAYE system from 1 January 2019. The new system will mean that Employers must give Revenue details, on a real time basis, of wages and tax deducted on each pay day by way of an electronic submission. This will impose a greater obligation on Employers to ensure that all information is in order before making a wage payment and that it is as correct and complete as possible.

### PAYE Modernisation

The new PAYE reporting system, Real Time Reporting (RTR), is set to commence on 1st January 2019. This will be a big change for, and will bring significant challenges to, Employers.. [Read More.](#)
